

TA-HHT

Handheld Terminal DataSheet

TA-HHT is a handheld terminal specially designed by Tespro China for on-site measurement data collection. The terminal adopts a high-strength outdoor protection shell design, with an IP68 waterproof rating, and can adapt to any harsh outdoor environment. At the same time, using the standard Android operating system can provide a very user-friendly operating experience, while also providing a standardized software development environment. HHT can be used in conjunction with TP-USB and TP-BT series optical probe for meter data reading. If needed, standard meter reading software such as IEC and ANSI can be configured to provide customers with one-stop services. TA-HHT reading data supports direct submission to SEMS-SaaS for management, forming a complete solution. TA-HHT is designed specifically for metering data reading and accepts OEM/ODM.

Technical Specifications

Category	Item	Features
Physical parameters	Standards	IP68 (MIL-STD-810G)
	IP68 protection	waterproof,shockproof,dust-proof
	Appearance	bar
	Color	Orange black ,blue black
	Weight	415g
	Size	182X85.8X21.2 (mm)
Performance Parameters	CPU	MTK6763 Octa Core 2.3GHz
	CPU	16nm
	RAM+ROM (2)	6GB+128GB
	TF card	Up to 512GB
	Operate System	Android 8.1
Screen Parameters	screen size	FHD+ 5.65
	Resolution	1080*2160
	Touch Screen	5 points touch,support gloves
	Screen material	IPS high-definition hard screen
Camera	Back	2100W
	Front	1300W
	Touch Screen	5 points touch,support gloves
	Screen material	IPS high-definition hard screen
Specification	Digital and analog walkie-talkie	DMR digital and analog, support voice and data function and the ways of encryption, High power 2W, low power 1W, Uhf:400-470MHz 350-400MHz (optional) Vhf:136-174MHz (optional)
	Public network intercom	POC Public network intercom with POC key
	Keys	PTT Intercom key、POC intercom key、custom key
Sensor	Perception Hardware	Fingerprint identification Light sensor Proximity sensor Gyroscope Electronic compass Magnetic field sensor Gravity sensor

Battery	USB	USB 2.0,Type-C
	Waterproof	Support
	Desk Charge	Support(optional)
	Battery	8000mAh
